

SUMIT CHAURASIA

Aspiring Cloud & DevOps Engineer | AWS | Linux | Docker | CI/CD

Mumbai, Maharashtra, India | +91 83558 07715 | sumitchaurasia1299@gmail.com | [LinkedIn](#) | [GitHub](#)

CAREER OBJECTIVE

Motivated and detail-oriented Computer Applications graduate with hands-on exposure to Linux administration, AWS cloud services, containerization, and CI/CD pipelines, seeking to launch a career as a Cloud & DevOps Engineer. Quick learner with a strong foundation in automating infrastructure, deploying scalable applications, and solving real-world problems through cloud-native tools. Eager to bring curiosity, discipline, and a build-it-yourself mindset to a team that values reliability, automation, and continuous improvement.

CORE COMPETENCIES

- Cloud Platforms: Amazon Web Services (AWS) — EC2 (compute/instances), IAM (access & identity management), S3, RDS, Lambda, VPC, Auto Scaling, Load Balancer, CloudWatch
- Operating Systems & Linux: Linux (Ubuntu, CentOS, Arch Linux), Shell Scripting, Linux Troubleshooting (system logs, services, processes, networking, permissions), Windows
- Containerization & Orchestration: Docker, Docker Compose, Kubernetes (fundamentals)
- CI/CD & Version Control: CI/CD Pipelines, Git, GitHub, GitHub Actions
- Programming & Scripting: Core Java, Python, Flask, Bash Scripting, HTML, CSS, JavaScript
- Data Structures & Algorithms: Arrays, Stacks, Strings — basic problem-solving and algorithmic thinking in Java
- Databases: MySQL, MongoDB, Firebase, Cloud Firestore
- Tools & Practices: Postman, VS Code, Agile fundamentals, Infrastructure Monitoring, SQL

PROJECTS

Skill Swap Platform

Personal Project | AWS-Hosted

Python, Flask, HTML, CSS, JavaScript, MySQL | Deployed on AWS EC2 (Ubuntu)

- Built and personally deployed a peer-to-peer skill exchange web platform where users list skills they can teach and skills they want to learn, and get matched with suitable swap partners.
- Developed the backend using Python (Flask) with MySQL for user, skill, and match data persistence; built a responsive frontend with HTML, CSS, and JavaScript.
- Provisioned and configured an AWS EC2 (Ubuntu) instance end-to-end — server setup, environment configuration, and application deployment — for live public hosting.
- Implemented user authentication, skill listing/search, and request-based matching workflow.

Crime Record Management System

Personal Project

Java, Spring Boot, React.js, MySQL | github.com/sumit-1299/crimerecordssystem

- Built a full-stack web application for law enforcement agencies to digitally store, update, and retrieve criminal records through a secure, user-friendly interface.
- Developed a Spring Boot + Spring Data JPA + Hibernate backend exposing RESTful APIs consumed by a React.js frontend via Axios, with authentication, CRUD operations, search/filter, and a management dashboard.

EDUCATION

Master of Computer Applications (MCA)

2025 — 2027 (Pursuing)

Modern College of Engineering (MCOE), Pune

Bachelor of Computer Applications (BCA)

Graduated

K.P.B. Hinduja College of Commerce, Mumbai | CGPA: 8.34

CERTIFICATIONS

- NPTEL (IIT Kharagpur) — Cloud Computing, 12-Week Certification | Jan–Apr 2026 | Score: 55% | 4 Credits | Roll No. NPTEL26CS55S1351803733
- EduPyramids (SINE, IIT Bombay) — Java Programming Training | April 2026 | Score: 72.5% | 4 Credits

- EduPyramids (SINE, IIT Bombay) — C++ Programming Training | December 2025 | Score: 75% | 2 Credits
- MIT World Peace University, Pune — Certificate of Participation, Vishwanova 2026 National Level Project Competition (Team: Hex Coders)
- AWS Skill Builder — Cloud Foundations (In Progress)
- LinkedIn Skill Assessments — Linux, HTML (Passed)

HACKATHONS & COMPETITIONS

- Participated in Vishwanova Hackathon 2026 — a National Level Project Competition organized by MIT World Peace University (MIT-WPU), Pune, as part of Team Hex Coders.
